

# Yeadon Police Camera Registration "CSI" Program "Cam Saw It!"

Today, no matter where you go, what you do, at some point your activity is caught on camera. This video can at times provide law enforcement with crucial evidence, or help identify a potential suspect in a crime. Whether you own cameras for a business or residence, your voluntary participation with crime fighting can help make a difference when you provide video surveillance to law enforcement for investigative purposes. Yeadon's "Cam Saw It!" program is one more partnership with our community to help deter and solve crime. The CSI program is voluntary and your registration does not authorize Yeadon Police or any other law enforcement agency to enter your home or access your camera system without your expressed permission or knowledge.
